

February 6, 2017

The Honorable Susan Collins
Chair
Subcommittee on Transportation,
Housing and Urban Development
U.S. Senate
Washington, DC 20510

The Honorable Jack Reed
Ranking Member
Subcommittee on Transportation,
Housing and Urban Development
U.S. Senate
Washington, DC 20510

The Honorable Mario Diaz-Balart
Chair
Subcommittee on Transportation,
Housing and Urban Development
U.S. House of Representatives
Washington, DC 20515

The Honorable David Price
Ranking Member
Subcommittee on Transportation,
Housing and Urban Development
U.S. House of Representatives
Washington, DC 20515

Dear Chair Collins, Ranking Member Reed, Chair Diaz-Balart, and Ranking Member Price:

We, the undersigned 1,156 state and local community development and housing organizations, urge you to preserve the U.S. Department of Housing and Urban Development (HUD) Section 4 Capacity Building and Affordable Housing (Section 4) program. Specifically, we ask you to help ensure that Section 4 remains a stand-alone program and to provide at least level funding—\$35 million—under each Transportation, Housing and Urban Development (THUD) Appropriations bill for Fiscal Year (FY) 2017 and 2018.

Section 4 strengthens rural, suburban, and urban communities across the nation by providing flexible support to local nonprofit organizations to develop affordable housing, finance small businesses, revitalize commercial corridors, and help address local healthcare, childcare, education, and safety needs. Through direct financial assistance, training, and guidance, Section 4 provides local organizations with the staffing, program development, and financial resources to maximize the impact of the services they provide and ensure the long-term sustainability of their investments.

Section 4 is the only federal program that is exclusively focused on increasing the effectiveness of local community development organizations. Since 2010, Section 4 has benefited all 50 states and the District of Columbia. This investment has:

- Created and preserved more than 37,000 affordable homes;
- Attracted over \$5.7 billion in total development costs for low-income neighborhoods and communities across the country;

- Helped create jobs, support small businesses and develop millions of square feet of commercial, retail and community facility space; and
- Supported programming efforts such as financial counseling, job training, and crime reduction in order to improve the physical and economic conditions in thousands of neighborhoods.

Section 4 funds are matched on a 3 to 1 basis, and then used to leverage additional public and private capital. **Total aggregate leverage has consistently been in the range of \$20 or higher for each dollar of Section 4 funding.**

Given the tremendous needs in low-income communities—and the scarcity of capital available to nonprofit, community-based organizations to address these needs—now is not the time to eliminate or weaken HUD’s only dedicated source of funding that builds the capacity of these organizations. With a modest investment of \$35 million for each fiscal year, community organizations can create and sustain jobs, increase housing production, and preserve the vitality and affordability of existing housing developments nationwide.

The undersigned organizations recognize the value that Section 4 brings to their communities. **For that reason, we urge you to preserve Section 4 as a stand-alone program and to provide at least level funding—\$35 million—in each of the FY 2017 and FY 2018 THUD Appropriations bills.**

Sincerely,

Alabama
